The world is undergoing a global transformation that affects every individual, but also businesses and economies. Climate change, rising poverty and inequality, resource scarcity, global warming and corporate governance failures have raised awareness of more sustainable systems and made sustainability a major concern in today's world.

There has been a great deal of focus on sexual harassment and the #MeToo movement. But many women's experiences in male dominated organisations are far more diverse and include being stereotyped, patronised, marginalised, devalued and up to a point, successful. Relatively little has been written about these experiences.

Philosophy

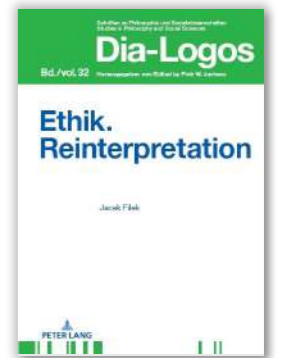

Jacek Filek beweist in seinem gut geschriebenen und weisen (und nicht nur gelehrten!) Buch, dass Ethik die Kunst ist, sich anderen Menschen zu öffnen, und dass daran etwas Paradoxes und Geheimnisvolles liegt, was sich aus dem dialogischen, aber auch zutiefst persönlichen Charakter der ethischen Verpflichtung ergibt. This book explores Antonio Buero Vallejo's use of the theater for historical memory activism, countering the assumption that Spaniards have only recently taken up this issue. His theory of tragedy is rarely recognized as an influence on contemporary Civil War tragedies, which are appearing with increasing frequency on Spanish stages.

Con motivo del 80 cumpleaños de Joseph T. Snow, una centena de investigadores se dio cita en "Contarte he maravillas...". Congreso Internacional de Estudios Medievales Hispánicos en honor a Joseph T. Snow (25-29 de octubre de 2021, Madrid). De las relaciones establecidas en dicho evento surge este volumen, dedicado a uno de los campos en los que más ha destacado el homenajeado: los estudios celestinescos. En él se han reunido 29 trabajos seleccionados que transcurren por sendas abiertas, descubiertas o restauradas por Joseph T. Snow en relación con la génesis y autoría de Celestina, sus temas, motivos y loci critici; su contexto socio-literario, su recepción en distintas lenguas y escenarios, y otras vías de investigación que se van perlando en el siglo XXI.

Diese Studie analysiert systematisch sein Konzept einer orthodoxen Erlösungslehre, die vor allem in Auseinandersetzung mit der protestantischen Exegese eigene Varianten einer Entmythologisierung- und Evolutionstheorie anbietet.
